

TOWN OF HOLLAND
ROAD IMPROVEMENT PLAN
2024-2028

The Town of Holland, La Crosse County, has 47.79 miles of Town Roads, 1.65 miles of Collector and no Arterial roads.

Regular Maintenance:

The Town Board regularly conducts road tours (either spring or fall) and schedules seal-coating on a 6-7 year rotating cycle in order to preserve the life of each road. The seal coating schedule for 2024-2028 is as follows:

2024	<u>Regular seal coat:</u> Ash St. - .04 Birch St. - .21 (no of Holland Dr) Bittersweet Ln - .10 Builders Ct - .15 Country Ave - .59 (west of Sunrise) Elm Ct. - .07 Garden St - .33 Holland Dr - .46 Homestead Ct - .09	Maple St - .14 Mary Ct - .05 Meadow Way - .33 (west of Sunrise) Oak St. - .21 (no of Holland Dr) Park Ave - .42 Pine Lan - .52 Skyview Ct - .09 Windmill St - .25 Walnut St - .14 TOTAL: 4.19 miles
2025	<u>Regular seal cost:</u> E McHugh St - .14 Gaynor Dr - .21 St. Croix Ave - .15 Sween Dr - .07 Van Aelstyn - .11 Amstel Ct - .07 Amsterdam Pr Rd – 2.48 Bringe Ct - .11 Brinker Ln - .15	Broadmoor Park Dr - .17 Duck Dr - .60 Garfield Rd – 1.08 (? Reconstructed) Hanson Dr - .56 Henry Ct - .10 McWain Dr - .50 Van Loon Rd - .25 TOTAL: 6.75 miles
2026	<u>Regular seal cost:</u> A Johnson Rd - .51 Beaver Rd - .23 Bluffview Ct - .57 Cambrian Rd - .13 Castle Heights - .38 Council Bay Rd – 1.69 Devon Pl - .21 Green Pl - .38 Heram Rd – 1.21	Leibl Ct - .06 Mark Trail - .10 Oak Dr - .07 Old NA – 1.92 Price Ct - .08 Richwood St - .18 Terrace Rd - .19 TOTAL: 7.91 miles
2027	<u>Regular seal cost:</u> F. Lange - .1 Folkert Rd - .25	Fonstad Rd - .33 Gaarder Rd - .25

Holter Rd - .6
 Long Coulee Ct - .13
 O Thompson - .49
 Paulson Rd - .3
 W Olson Rd - .77
 Briggs - .89
 Chris Ct - .18
 Kip St - .24
 Acorn St - .12

August Ave - .57
 Birch St (so of Holland) - .25
 Country Ave (west) - .5
 Oak St (so of Holland) - .37
 Pedretti St - .5
 Prairie Clover - .08
 Sand Prairie Ct - .19
TOTAL: 7.11 miles

2028 Regular seal cost:

Dutch Ave - .25
 Prairie Meadows - .44
 Prairie Woods - .45
 Rotterdam Ave - .39
 Tulip Ln - .2
 VerMeer St - .58
 Aspeslet Rd - 1.49
 Christopherson - .4

Evans Valley Rd - .4
 Holseth Rd - .4
 Moen Rd - .49
 Sylvester Rd - 1.26
 Fawn Meadow - .23
 Jackie Terrace - .17
 Wolfe Rd - .36
TOTAL: 7.51 miles

Shouldering is re-established each spring to pull back gravel and base that may have shifted throughout the winter plowing cycle.

Culverts

Culverts are inspected and maintained during the Town crew spring review process. In addition, any culvert failures are repaired as needed either with assistance from the La Crosse County Highway Department or in-house by the Town crew. In addition, the Town established a Stormwater Utility in 2021 and will begin a rotation of ditch/culvert maintenance in-line with the seal coating schedule.

Sign Maintenance:

The Town crew annually inspects all road signs and replaces missing or damaged signs as needed. In January 2012 the Town Board adopted a “Sign Maintenance Plan” and the Town crew began replacing road signs and street signs in accordance with the National Retro-reflectivity Standards. That work was completed in 2020.

Road replacement:

The Town Board, during their annual budget process, determines which roads need replacing and when they will be budgeted for the work. The last road replacement was Heram Road in 2019. The next road replacement is as follows:

2024 - Red Cloud Road	.08
<u>Taube Road</u>	<u>.27</u>
Total:	.35 miles reconstructed

2025 - New Amsterdam Roads:

Harmon St	.20
Jelle St	.14
John St	.21
Main St	.20
Oepka St	.06
<u>Sternford</u>	<u>.16</u>
Total	.97 miles reconstructed

2026 – Amundson Coulee Rd	.39
<u>Wolfe Road</u>	<u>.36</u>
Total	.75 miles reconstructed

2027 - Garfield Road 1.08 miles reconstructed

2028 – Builders Court .15 miles reconstructed

For each project listed, roads are rough and need reconditioning. In addition, ditching needs to be re-established and culverts may need to be repaired or replaced.

Bridge replacement:

The Town of Holland had been monitoring the bridge at Casberg Coulee Road as the structure is failing. In the spring of 2023, it did fail and the Town applied for grant dollars from the Federal BIL funds. The Town received the award and construction is slated for the fall of 2024.

Funding:

The Town of Holland will apply for road funding from the Wisconsin Department of Transportation whenever feasible. The Town received TRIP funds for the 2019 for Heram Road replacement project (funds received in 2020).

The Town regularly applies to the Bureau of Indian Affairs for matching funds on roads located within the Winnebago Tribe territory (northern part of Town). No funds have been issued to-date.

Emergency situations:

The Town Board will determine the best practice for road failures that happen during emergency situations.
