Newsletter 2025

Road Work

By Bob Stupi, Town Chair

2024 saw the Town proceed with a few road reconstruction projects. In the northern part of the Town, Taube and Red Cloud Roads were widened where practical and replaced with new pavement and shoulders. Those roads were in rough condition as pavement peeled up during the plowing season and repairs were no longer feasible.

As noted elsewhere in the newsletter, the failed bridge on Casberg Coulee Road was replaced with a new concrete span and new pavement from County Road V to shortly past the bridge span. This project was 100% funded with a state grant so property taxes did not have to be raised to pay for this project. It was completed in 1 ½ years, which is far shorter than the typical 2 ½ year timeframe to replace a bridge. Final paving will be completed in spring 2025.

In 2025, County Road XX will be completely reconstructed and widened to include a paved shoulder/bike lane from Highway 35 south to the intersection of County OT in the Town of Onalaska. This is a county lead and funded project that is long overdue to enhance travel and safety along that corridor. Construction should take most of the construction season in 2025.

The Town will reconstruct and replace pavement in the New Amsterdam subdivision in 2025, since pavement is peeling and the road base has eroded. This will coincide with the County Road XX reconstruction to allow the Town to realize some cost savings by using the same engineering and, potentially, the same construction firms that will be working on County XX. Dates for construction will be sent to affected property owners as they become available.

These road reconstruction and replacement projects in the Town are the first to happen in many years. Some Town roads are reaching the end of their lifespan and will need to be replaced because they are no longer repairable. The Town will work to find savings and alternate sources of funding to lessen the burden on our taxpayers.

Compost Site Update

In 2023, the compost site was gated so use could be limited to Town residents. This has cut down on abuse by non-residents. Also, the camera system and fob ID have helped to identify any residents dumping illegal material at the site. As a matter of interest, the compost went from a high of 692 tons down to 179 tons this past season!

The compost site is used for grass clippings, leaves or other compostable vegetation. This site is located to the west of the Town hall. No paper/plastic bags or branches/brush are allowed. Garbage cans are provided for disposal of bags. **PLEASE** back up as much as possible to the pile before unloading. Dropping it in the middle of the driveway makes it harder for everyone!

Residents who wish to use the compost drop-off site will be required to obtain an access key-fob (\$6) from the Town Clerk. The 2025 yearly cost for the service will remain at \$20. Renewals are updated by computer so no need to provide the fob.

Compost Gate 2025 Season

\$20
Renewals
 may use the drop box 24/7 or mail a check.

\$26
New users
 must come to the Clerk's office to receive the fob. There is a \$6 one-time charge for the fob & \$20 for this year's service.

Access for Town residents only.
Fobs are available for purchase in the Clerk's office:
Mondays 8-1, Wednesdays 3-6, Thursdays 8-1

What's Happening in the Town?

Winter Maintenance—Brine

What is salt brine?

Salt brine is rock salt (sodium chloride) dissolved in water. It is a proactive approach to controlling snow and ice on the roadways.

Why use salt brine?

The use of salt brine is much more cost effective and allows the Town to treat the streets prior to the storm. This will help keep snow and ice from bonding to the pavement and allows the roads to return to bare pavement much quicker once the storm has passed. It's like spraying a fry pan with oil to keep food from sticking to the bottom of the pan. Other advantages:

- Anti-icing returns road surfaces to normal faster, resulting in fewer accidents and delays.
- Brine jumpstarts the melting process because salt needs moisture to be effective.
- The liquid brine does not bounce or blow off the road surface (unlike rock salt or sand) so material is used more efficiently.
- Salt residue stays on the road, ready to work when precipitation begins.
- The Town crew can cover more area for less cost by using brine.
- Increased efficiency of brine results in less salt used per storm event. Less salt used = less cost.
- Salt brine is better for the environment.
- The cost and need for clean-up of sand in the spring is eliminated.

When is salt brine used?

Salt brine is applied by spraying it on the pavement up to 72 hours prior to a winter storm. This "pre-treatment" is a snow fighting strategy used in anticipation of storms where accumulating ice or snow is predicted. If brine is applied just before a winter storm, salt brine will begin working as soon as the first snowflake falls. This will help delay the accumulation of snow and ice on the pavement.

How is salt brine applied to the road when pre-treating?

The Town has a specially modified truck which allows brine to be sprayed on the road surface at the correct volume per road mile.

What should I do when following a truck applying salt brine?

Trucks applying salt brine usually travel less than 30 mph. Motorists should stay back approximately 500 feet.

What about corrosion, isn't brine more corrosive than rock salt?

Rock salt and brine are just two sides of the same coin. That said, chlorides can cause corrosion in metals, and if not treated properly this can cause damage to vehicles and infrastructure. The best way to reduce or avoid corrosion is to take the extra precaution of rinsing off any residue from the road salt or the brine the road salt has become.

Anti-icing involves placing a layer of brine on the surface of the pavement before a winter storm has begun to prevent snow and ice from freezing to the road. Deicing uses prewetted rock salt to break the bond after snow has frozen to the road. Anti-icing delivers the same level of service, but it uses one-quarter to one-fifth as much salt as deicing.

EFFICIENCY FOR WISCONSIN WINTER MAINTENANCE

It's a **BIG JOB** WisDOT works with 72 counties to clear 35,000 highway miles

Every year, Wisconsin averages...
32 snow events
73 inches snow
10 freezing rain events

Clear roads, less salt
Liquid brine, a mixture of salt and water, can help stretch budgets over traditional rock salt distribution.

\$1,000 of road salt covers 73 LANE MILES (PLOW) vs 191 LANE MILES (BRINE)

Rising salt costs
Wisconsin spends roughly \$35 million annually for salt on state highways alone, and the price of road salt is increasing.

Salt is 40% of total winter maintenance cost
2023: \$91.21 / ton
2019: \$77.10 / ton

Education, best practices and method development help winter maintenance professionals make every grain of salt count.

State Highway System Salt Use
2020-2021: 325 thousand TONS
2021-2022: 387 thousand TONS
2022-2023: 483 thousand TONS

Goal: Safe winter highways

WISCONSIN DEPARTMENT OF TRANSPORTATION

Winter Information

The Town of Holland endeavors to maintain safe driving surfaces for vehicles properly equipped for winter driving conditions. **This does not mean bare, dry pavement should be expected after each snowfall or ice storm event.** Furthermore, this does not mean that the roads will be completely free of ice and snow during the season. Motorists are expected to modify their driving practices in accordance with the road conditions. In an effort to adhere to stormwater regulations, the Town will use discretion when applying sand/salt while keeping the roads in passable condition. *Keep in mind that we generally do not plow if we have received less than 2 inches of snow.*

Items installed or kept on any Town right-of-way (generally the area 33' from the centerline of the road) may be damaged by snowplows. Subsequently, any item other than a mailbox will not be replaced or repaired by the Town if struck by a plow. This includes underground sprinklers. Homeowners may also be liable for damage to Town equipment that results from striking objects in the right-of-way.

Please remember to give the plow vehicles plenty of room. They may not be able to see you!

More Town Happenings...

Casberg Coulee Bridge	Brush Chipping Service - Two Times a Year
------------------------------	--

Due to safety concerns, the Casberg Coulee bridge (at County Road V) was closed to traffic last spring. The Town received a grant from the Federal Bipartisan Infrastructure Law (BIL) with 100% replacement funding of the structure—an estimated cost of \$820,000+. That funding comes with several layers of government regulations (Federal, State DOT, DNR, etc.) and was projected to take 2-3 years. Meanwhile, the residents must travel a 3.7 mile detour. The Town Board diligently worked towards accomplishing the construction at a very accelerated rate and the bridge was installed in November 2024 (with asphalt completion scheduled for spring 2025).

Spring 2023

November 2024

Tuesday, May 13, 2025 and October 14, 2025

As implemented last year, brush chipping service has been adjusted to **twice a year**. If there are additional chipping needs, residents may contact a chipping service or haul their brush to the County Landfill at 3240 Berlin Drive (for a small fee).

With the decrease in dates, the established rules are still in effect, which include a limit to the amount of brush (no more than 3 feet tall and no wider than 15 feet along the curb), a requirement that cut ends face the road, and a request to **call the Town office at 608-526-3354 to be placed on the pick-up list** (no later than 1 pm the day before the service; *leave a message 24/7*).

This is a reminder that the Town is not in the business of chipping brush. We offer the service as a courtesy to assist with light pruning and trimming. Our service is NOT for tree removal or clearing building sites. **There will be NO EXCEPTIONS to the rules as listed above!** We thank you for your cooperation. *Additional dates may be added due to large storm events.*

Stormwater Utility and ERUs	<p>The Stormwater Utility Commission was established to implement practices to mitigate multiple flooding events by updating and maintaining infrastructures. To assist in paying for the work, the special charge on tax bills for an Equivalent Runoff Unit (ERU) will increase this year by \$10.</p> <p>This past year, the Town updated the Gaynor Rolling Hills Subdivision drainage ditches and repaired the Pine Lane/Meadow Way intersection. In the works for next summer will be a clean-out of culverts and ditches in a majority of the Country Estates subdivision. For more information, check out the Town website.</p>
------------------------------------	---

Holmen Area Fire Department	What Does Your Property Tax Payment Support?
------------------------------------	---

Thanks to approval of the referendum in 2022, the Fire Department achieved full staffing which means 4 firefighters on duty 24/7. This has provided faster and more consistent response times. In addition, this past year, the Fire Department began river rescue training.

The Fire Board contracted with a third party to develop a feasibility study of the fire station and future needs. We hope to have the results by spring 2025.

Fire calls in the Town as of October 31st are at 937 (compared to 1061 last year at that time).

\$51

Holmen School District: pays for building upkeep, utilities, salaries, furniture, technology, and other supplies needed to run our schools.

\$25

La Crosse County: pays for plowing, repairing county highways, health and human services, circuit court, county jail, veteran's services, and more.

\$9

WTC: taxes used to make education accessible to more students in our community.

\$9

Fire Service Town of Holland (via 2022 referendum)

\$6

Town of Holland: pays for road work, parks, elections, chipping, hail and shop maintenance, snow plowing, utilities, etc.

All about Parks

Bike and Pedestrian Paths

Last year, the Town was awarded a grant to pave the current bike trail from Drugan's to Bluffview, with construction to occur in 2025/2026. This will enhance the overall use of the trail and allow for handicap accessibility. The trail provides residents/students a safe route for biking and walking to Prairie View Elementary School as well as access to places of employment, parks, and scenic rural areas.

This year, the Town was awarded a grant to construct a bike/pedestrian path along the north side of County Road MH from Briggs Road to Sunrise Lane (see map below). This path will provide residents a safe route to Holmen High School, parks, other schools and Holmen businesses. The construction is slated to begin in 2026/2027.

Wildflower Park

The Town continues to add and update our Town Parks. This past summer, several pieces of play equipment needed replacement and/or updating. Our Town crew inspects equipment and we ask that residents notify us of any breakage or vandalism.

In 2022, the Park Committee surveyed residents of Wildflower Terrace and by May 2024, a contract was signed to work on a "natural scape" park. The work was split into 3 phases. The first phase was completed this year with the installation of a gazebo, large boulders (to mitigate traffic) and fruit trees. Phase 2 will involve installing playscapes and signage.

BIG THANK YOU to **Doug Klenke** (and his helper Tim) for all of his work on constructing the gazebo!

Little Free Sled Library

Thanks to a donation from the Holmen Area Foundation, the Town Hall park sports a "sled library." Little Free Sled Libraries were created so that if your sled is broken or is lost, you can use one at no cost.

For winter fun, the Town has two sledding hills:

- (1) Town Hall Park—use gravel parking lot to the west of the Town Hall and the hill is to the southwest (facing County Road XX).
- (2) Hammes Park—use the parking lot south of the park equipment (turn onto Vermeer Street and left into the parking lot).

Town Beautification

Thank you Mike and MC Hoffman and Alice Dresen for your continued work in keeping the Town Hall landscaping trimmed, weeded and watered. The Town appreciates the extra effort to make a visit to the Town Hall a lovely experience!

Thank you **Mike, MC and Alice!**

Important Information!

Emergency notices. It is an unfortunate phenomenon, but we seem to get 100-year storms every year! While the Town cannot prevent these disasters, we will work hard to address them as quickly as possible. In cases of localized flooding or other weather events, residents can check the Town web site at www.townofhollandwi.gov or Facebook (TownofHollandWI) for road closures, storm clean-up actions, and other information.

Well water testing. Even if your drinking water looks, tastes, or smells good, it may still contain harmful bacteria and the only way to know is by testing. Pick up water testing bottles in the clerk's office or at the County Health Dept, 300 4th Street No, La Crosse, 608-785-9872 from 8 am-4:30 pm.

Speeding is one of the biggest complaints in the Town! Please keep in mind when you are traveling that the speed limits are set to protect the residents as well as the driver. *Please* be aware and **SLOW DOWN!**

Road right-of-way. Due to necessary maintenance of Town roads, decorative mail posts, flower boxes, or other items placed on the road right-of-way may be damaged. The Town is not liable for damages done to these items, nor to the grass edge along the road which may occasionally get peeled back by the snow plow blades. The right-of-way on most roads is 66 feet wide (33 feet from the centerline).

Drainage ditches cannot be filled in with dirt and/or sod. **Sprinkler heads should NOT be within the right-of-way.** The Town is not responsible for damaged sprinkler heads due to snow plowing or other road work. Downspouts should be placed to allow for infiltration throughout the yard (not placed directly in ditches).

Parking on cul-de-sacs and on Town roads is prohibited.

Mailboxes cannot be constructed with **concrete, brick or any other hazardous materials** that will not "break away" if hit by a vehicle. On the other hand, the Town will not be responsible for mailboxes that are so old/weak that they break due to snow pressure.

Other obstacles. No other obstacle should be constructed within the right-of-way, **including brick pillars, large landscape rocks, or anything sticking up along the road edge.**

No open burning. Burning leaves, refuse, or brush in yards or burn barrel(s) is illegal in the Town. Of course, grilling or cooking outdoors, campfires, fire rings/pits (with a 3-foot size limit) and outdoor wood stoves are allowed. Contact the Holmen Fire Department for allowable exceptions: 608-526-9363.

Fire numbers. It is Town code that each house display a double-sided green fire number. If your fire number is missing or has been damaged, contact the Town Clerk immediately. If a fire number is not present, you are in violation of Town code, which could result in a fine.

Sand/salt. The Town is not legally able to sell the winter sand/salt mixture nor are citizens allowed to take it. The materials need to be used for Town business and a driveway is not a Town road, and, therefore, not a Town use.

Garbage/Recycling Carts. Carts should not be put out before 5 pm the day before pick up and should be retrieved from the Town right-of-way as close as possible to 8 pm the day of pick up. Keep the containers at least 3 feet apart and 3 feet from any other obstruction.

Noise. Ordinance #6-2007 establishes a quiet time between 9 pm and 7 am.

Road Maintenance

Each year the Town budgets for maintenance on the 46+ miles of town roads. The Town contracts for the roads to be cleaned, crack filled and then seal coated on a 7-year cycle. This is not a fast process and does require driving a little more cautiously for about 6 weeks. Once the roads are cured, the contractor will sweep up the extra chips. While this may be inconvenient for a few weeks, it goes a long way to preserve the roads, rather than waiting for roads to fail. At that point, the road would have to be torn out and replaced. That process would take a few months and is also much more expensive. So, a little maintenance now will avoid major expense and inconvenience later.

Social Media

Stay up-to-date on happenings in the Town by following us on

TownofHollandWI

ATV Routes

The Town Board passed Ordinance 3-2022, an ordinance establishing all-terrain vehicle (ATV)/utility-terrain vehicle (UTV) routes and to regulate the operation of ATVs/UTVs in the Town. The Town also coordinated with the County and established ATV/UTV routes on the County roads within the Town.

We ask residents to be aware of the regulations (see our website for details) and follow all safety rules.

Winter Safety

Safe play areas: For safety's sake, do not allow children to build and/or play in the snow banks at road's edge! Our plow drivers have a lot to watch when plowing and may not see children hiding in the snow bank!

Do not plow or blow snow across roads! Keep in mind that it is unlawful for any person, firm, or other agency, **to throw, plow or otherwise discharge snow and/or ice from private property onto any roadway.** *State Statute 346.94(5)*

All about Taxes....

Tax Payment—Questions 608-526-3354

- 24/7 using the Town Hall drop box.
- By mail to the Treasurer
Town of Holland
W7937 Co. Rd. MH
Holmen, WI 54636
- By credit card online (there is a fee for this option, see below).

Drop box available
24 hours a day
(just to the left of the
front door).
Secure and easy!

Use of the drop box or U.S. Mail is highly encouraged!

Please keep in mind that if you:

DO NOT WANT a receipt:

Only include the installment stub of the tax bill.

WANT a receipt:

Include the full tax bill along with a self-addressed stamped envelope. We will return the top portion for your records.

- In person at the **Town Hall** during these Treasurer's hours:

In 2024: Wednesday, Dec 18 3 pm to 6 pm
Thursday, Dec 19 8 am to 1 pm
Monday, Dec 23 8 am to 1 pm
Thursday, Dec 26 8 am to 1 pm
Monday, Dec 30 8 am to 1 pm
In 2025: Wednesday, Jan 22 3 pm to 6 pm
Thursday, Jan 23 8 am to 1 pm
Monday, Jan 27 8 am to 1 pm
Wednesday, Jan 29 3 pm to 6 pm
Thursday, Jan 30 8 am to 1 pm
Friday, Jan 31 8 am to 1 pm

- All payments (1st half or full) are due by January 31.

- Payment by check or money order payable to

Town of Holland

- For security reasons, please no cash payments over \$100.

- Correct change is appreciated!

Tax Levies by District

	Last Year	This year
County	\$1,850,701	\$1,819,028
Holmen School	\$3,624,066	\$3,769,369
Wisc. Tech College	\$ 678,984	\$ 664,834
Town of Holland	\$ 669,718	\$ 475,029
ToFH Fire Service	\$ 582,500	\$ 670,042
Totals	\$7,439,910	\$7,398,301

2023 Mill rate (paid in 2024): 0.014372685

2024 Mill rate (paid in 2025): 0.014137085

New Tax Bill Format

The image shows a sample of a new tax bill format. It includes a 'NEW' stamp in the top right corner. The bill is for the State of Wisconsin, La Crosse County, and is for the year 2023. It details the property owner's information, the amount of the tax, and the due date. The bill is divided into sections for the 1st installment, the 2nd installment, and the full amount. The total amount due is \$2,543.17. The bill also includes a section for the 2023 Real Estate Property Tax Bill, which is due by January 31, 2024. The bill is addressed to the Treasurer, Amy L. Twitchell, at 212 6th Street, La Crosse, WI 54601. The bill number is 27392 and the parcel number is 13-00220-000. The bill is dated 11/21/2024.

Second Half Tax Payment

SECOND HALF TAX PAYMENT: Due July 31

Payable to: **LaCrosse County Treasurer**

Mail or pay at: 212 6th Street No., Suite 1900

La Crosse, WI 54601

608-785-9711

Credit Cards

The Town offers a credit card service through **allpaid** to pay taxes, rentals, dog licenses, building permits, etc. While there is no cost to the Town for this service, **please note there is a "convenience" charge to those who use it.** For more information: www.townofhollandwi.gov

Remove this portion to pay 1st half by 1/31/25

Remove this portion to pay 2nd half by 7/31/25

Remove this portion to pay in full by 1/31/25

If you want a receipt, bring in the full page and it will be stamped "paid". If by mail/drop box, include the full page and a self-addressed stamped envelope, and we will return the tax bill, stamped "paid".

All about Dogs!

Dog license renewals are due January 1.

There is a misconception that dog licenses are due at the end of March. NOT true!

The license period starts January 1 and ends December 31. So, in fact, licenses are due by **January 1 each year**.

The misconception occurs because there is a grace period to avoid a late fee until March 31.

Dog Licenses

All puppies must be licensed within 5 months of birth. Renewal is due by January 1 with a grace period no later than March 31. (**Limit of 2 dogs per household.**)

We have a computer printout on dogs previously licensed in the Town of Holland. If the rabies vaccination is current, just send the correct fee. If the rabies shot has expired since you purchased last year's tag, we will need to see proof of the current rabies vaccination.

It is the dog owner's responsibility to provide the rabies information (not the vet clinic).

Dog licenses can be purchased from the treasurer, Marla Wagner. This can be done via mail, Town Hall drop box, or during clerk hours at the Town Hall.

**Address: W7937 County Road MH
Holmen, WI 54636**

If by mail or drop box, please include a self-addressed stamped envelope so we can send you the tag. Any rabies information will be returned as well.

For new dogs, you need to furnish proof of rabies vaccination, dog's name, breed, color, age/birthdate, and sex (indicate whether it is neutered or spayed). If the dog has been neutered or spayed, we will need written documentation.

For new residents or newly acquired adult dogs, all tags are to be purchased from the Town treasurer within **30 days** or the late fee will apply. A new puppy must be licensed within **5 months** of birth or the late fee will apply.

All nuisance dog calls are handled by the Coulee Region Humane Society (608-781-4014).

**LATE TAGS MUST BE PURCHASED FROM THE
COUNTY CLERK.**

Late fee is \$25.00

If a dog passes away during the year, please notify us so we can update the records.

Dog License Questions? Call 608-526-3354

**Dog Fee: \$23 or
\$12 if spayed/neutered**

Leash Law

The Town of Holland does have a leash law. Unfortunately, we often receive complaints regarding dogs running in the neighborhood. And, while you may think your dog is well-behaved, those walking/jogging or biking might not feel safe with dogs running at them. Section 3.01 of the Dog Control Ordinance #5-2007 has several sections that apply to the care of dogs:

- A. All dogs shall be cared for, maintained, and handled in a sanitary manner and in such a way as to prevent noises, barking, fighting or howling, or other disturbances of the peace and quiet of the neighborhood.
- B. Dogs **shall not be permitted to run at large**, with the exception of dogs confined and controlled within an electric dog fence. Penalties may be assessed if a dog is running loose or disturbing the peace. Penalties for violations are established by La Crosse County Code and enforced by the La Crosse County Animal Control officers. If you have any questions on the penalties or violations, please call the La Crosse County Health Department at 608-785-9872.

Quick Notes

Puppies: license before puppy is 5 months old

Newly acquired dogs: license within 30 days

Renewals: renew by January 1 each year (grace period until March 31)

Deceased dogs: Please notify the Town

Recycling/Refuse

The "Recycler" newsletter was sent separately. *Please call the Town Hall if you have not received one by the end of December. You can also view the newsletter on the Town website: www.townofhollandwi.gov*

For quick reference, a postcard recycler calendar is included in this mailing.

- ▶ **Carts may not be placed within the right-of-way** (33 feet from the center line) other than from 5 pm the day before service to 8 pm the day of service
- ▶ Place carts **2 feet** from road edge and at least **3 feet away** from obstacles including but not limited to: other carts, recycling bins, mailboxes, power poles, etc.
- ▶ Remove the carts from the right-of-way by the end of the collection day. If a vehicle or plow hits a cart, the homeowner must pay to replace it!!!

Call 608-783-6727 if your trash or recycling was missed!
